TOYO Experience Centre

"A satisfied customer is the best business strategy of all."

Michael LeBouf

I believe that achieving success requires total and absolute sincerity. Improvement is a continuous process, and present achievements must pave the way for greater accomplishments in the future.

We are constantly experimenting and evolving with new technologies to ensure our products are of the highest quality and aesthetically pleasing. Products that were once imported are now being manufactured in our plants in India with improved standards.

As Coco Chanel succinctly puts it, “In order to be irreplaceable, one must always be different.” Embracing this concept, we are proud to announce that we have transformed the product “bathroom vanities” into a 100% waterproof and unique bathroom product. No other competitor matches this unique selling proposition (USP) of Toyo.

Following the same principle, we are also proud to say that we are the first in the world to innovate a solution in bathroom fittings that eliminates the need to refurnish the entire bathroom if there is an issue with concealed diverters. Our “no more tile break“ diverters are a game changer.

We consistently strive to develop and upgrade our products through meticulous analysis of every function, finish, and packaging detail, ensuring every customer is completely satisfied with their purchase.

I am ushering the sanitaryware industry into a new era of affordable luxury so that more people can enjoy it. We believe in providing prompt after-sales service to make sure our customers get the best hassle free experience

In my view, the keys to business success are quality, after-sales service, and affordability. I strongly believe that honesty in all aspects is essential to our approach.

As we continue to grow and expand our presence both nationally and internationally, we remain focused on delivering excellence in every product and service we offer.

Why Choose Toyo Sanitary Wares ?

1. Unmatched After-Sales Service-
We prioritize prompt after-sales service to ensure your complete satisfaction with Toyo Sanitary Wares.

2. Premium Quality Assurance-
Toyo Sanitary Wares offers 100% premium quality products. We guarantee the use of the finest materials, with no defective, repaired, or unfired glazed products. Our commitment to quality ensures lasting durability and a pristine appearance, maintaining the whiteness of the glaze even after years of use.

3.Innovative Technology and Design-
Our products undergo rigorous testing, including firing at 1200°C for 48 hours, to meet international standards of quality.

4. Heavy Seat Covers with Innovative Features:
Our heavy seat covers come with Push Button detachable QQ Hinges, adding convenience to your bathroom experience. The innovative design ensures easy installation and hassle-free maintenance.

5.Superflow Patented Flush Fittings: Toyo Sanitary Wares incorporates Superflow Patented models of Flush Fittings, guaranteeing an uninterrupted flushing system. Coupled with PAN INDIA after-sales service.
